

ISRM Small Pool Operators Course

This course takes place on:
8th and 9th March 2010, 9:00am – 4:00pm
at **Hertfordshire Development Centre**

The ISRM (Institute of Sport and Recreation Management) certificate is a two-day course aimed at those who are involved in or are responsible for a school swimming pool. This is a nationally accredited course and successful candidates will receive a certificate. Candidates will need to sit a multiple-choice test and produce a small project after the initial two days.

By attending this course you will gain:

- an understanding of best practice in the swimming pool environment
- an understanding of pool water treatments, disinfection, contamination and pH
- a working knowledge of pool water circulation, filtration, heating and ventilation
- advice on keeping pool water logs and records
- an understanding of health and safety around swimming pools

To book your place on this event please visit
